FISH LAWS OF THE STATE OF MISSOURI

Owing to some confusion in interpreting the Fish Laws, Floyd C. Callaway, Deputy State Game and Fish Commissioner, writes the following article which will be a great help to market fishermen and dealers engaged in buying and selling game fish.

Sec. 5625—The sale of bass, crappie and Jack salmon is prohibited during January, February, March, April and May no matter where the same is obtained.

Sec. 5627—Prescribes legal size of fish to be sold or offered for sale. These sizes are given for fish in their natural condition. Dressed fish shall be measured by deducting one-fourth of specified length when head is removed. They shall be measured from the "fork of tail".

Sec. 5621—Gigged fish cannot be sold at any time.

Sec. 5621—Game fish "from Missouri Waters" cannot be sold at any time but, there are other sections which are confusing. They refer to fish obtained from "overflow waters" and waters of "temporary formation" within this state. These are not prohibited except section 5625 which names bass, crappie and Jack salmon as unlawful to be sold during January, February, March April and May.

Sec. 5621—The words "game fish" are very uncertain language, also the word "goggle-eye" means practically nothing because of multiplicity of fish locally designated as such by the public.

Bass, crappie and trout are positively named and the meaning can be understood in applying the designation "game fish" in this section.

By "bass" is meant large and small mouth black bass, also white or striped bass.

By crappie is meant white or river crappie and mottled crappie called "wood crappie" also as "calico bass" and "strawberry bass". By "pike" is meant "wall-eyed pike" also called "jack-salmon". (Both are designated "Pike Parah" by U. S. Dep't of Fisheries.) "Pickereel" sometimes called grass pike, link pickereel or branded pickereel are not classed as game fish in Missouri fish laws.

Certain satfish known as channel cat are shipped to Missouri dressed and in carload lots from Southern waters, notably from Florida and it is unlawful to sell for commercial purposes "Channel Cat" under 13 inches of length, Sec. 5627.

There is no law on selling other kinds of cat fish, (providing same have not been gigged), but fish of every variety are subject to our State Laws no matter where obtained.

FARM ASS'N NOT TO CIRCULATE PETITION

Jefferson City, Mo., Jan. 19—William Hirth, president of the Missouri Farmers' Association, announced today that his organization would not circulate referendum petitions opposing the issuance of the \$60,000,000 of road bonds as it had previously planned to do.

The decision not to circulate the petition was reached, Mr. Hirth said, following a decision of the state highway commission to complete all old projects out of existing appropriations before expending any part of the fund derived from the \$60,000,000 bond issue.

SMALLPOX SITUATION IN MOBERLY IS CRITICAL

Macon, Mo., Jan. 22.—The arrest of every train crew which permits passengers from Moberly, Mo., to alight at the local station, has been ordered by Mayor N. M. Lacy, in an effort to protect this city against the smallpox epidemic reported from Moberly.

RESOLUTIONS OF RESPECT

Resolutions of respect in memory of Mrs. L. M. White.

At the passing away of our friend and neighbor Mrs. L. M. White. The Loyal Club of the Wheeler and Wolf Farm Club loses one of its most ardent and enthusiastic members. She was a member from the time of the club's organization and was always a willing worker to make our club a success. We shall sadly miss her pleasant face at our meetings, and we extend to the bereaved husband and relatives our most heartfelt sympathies and commend them to the mercies of our allwise providence in whose hands all our destinies be.

On behalf of Loyal Club,

Mrs. J. E. Lundgren, Pres.

Mrs. Cora Ash, Sec.

RESPONSIVE CROWD GREETED HIGH SCHOOL CHORUS

A very responsive audience greeted the High school chorus on Thursday night at the Rialto Theatre, where they gave two selected numbers at the conclusion of the first show. The theatre goers were given a pleasant treat, for after seeing the Comedy Drama, "The Affairs of Anatol," the Chorus sang, "A Nursery Rhyme Suite," and "Greetings of Spring." The numbers were especially well rendered.

The management of the theatre gave a liberal amount of the proceeds of last evening's show to help defray the expenses of the Chorus to Springfield to take part in the musical festival.

The Chorus, comprised of forty members of the High school, and the directors, Mrs. Percy Johnson and Mrs. L. E. Lines, wish to publicly thank the managers of the Theatre for their liberal assistance, and also to Prof. Lee's Novelty orchestra who played for them.

The soloists, Miss Lillian Alsop and Miss Noveta Brown, accompanied by Mrs. Percy Johnson, will go to Springfield tonight to participate in

the preliminary contest. The High School Chorus and the Girl's Glee Club will follow on No. 12 Saturday morning to take part in the final contest Saturday evening.

The Monett High school students should be given much credit for the interest they are taking in musical activities this season. They are a credit to the city, and are making a name for themselves and for the school. There are only three schools of the Southwest Missouri to enter the contest in the musical festival at Springfield, and include Monett, Joplin and Springfield, which shows that Monett High school is keeping up with the larger schools of the nearby towns.

In the High School Chorus will be: Cora Fitzjohn, Clara Bell Keirsey, Marjorie Wright, Crystal Spratley, Mary Darden, Ethel Poole, Noveta Brown, Lillian Alsop, Etta Richardson, Amber Stow, Bertha Watkins, Margaret Reno, Jimmie Dorris, Ruth Darden, Audrey Scott, Edna Lautaret, Elsie Corl, Kathryn Shirie, Geneva Reece, Katherine Dobson; Carl Pitts, Jed Brown, Joe Brown, Ray Cox, Edgar McMahon, Frank Reed, Carl Medlin, Cecil Long, Frank Mourglia,

Walter Reynaud, Fred Steele, Frank Miller, Paul Pitts, Oliver Young, Joe Paul Lane, Hayse Heimbaugh, Dan Taylor, George Davis, Paul Henderson and Junior Leake.

Mrs. Percy Johnson and Mrs. L. E. Lines are directors of the Chorus.

LAWRENCE COUNTY FARMERS MEETING

The annual meeting of the Lawrence County Farmers Association was held at the court house Saturday afternoon. S. E. Jones of Miller was elected to head the organization the coming year and Dale Kirby of Mt. Vernon township was re-elected a member of the board of directors.

W. G. Growthier, a representative of the U. S. Grain Growers, gave a very interesting talk on the National Cooperation Plan of marketing grain. Mr. G. O. Reed of Springfield, chairman for the Missouri Farmers Association, also spoke on the same subject.

A resolution presented by Frank B. Jones of Stotts City was unanimously passed endorsing the Agricultural Bloc and what it is trying to accomplish, and pledging cooperation to the fullest extent.—Lawrence Chieftain.

ONLY TWO PERCENT OF HOOCH IS FREE FROM POISON

New York, Jan. 23.—Asserting that only 2 per cent of the "vile stuff" being seized by prohibition agents is found to be free from poisonous fusel oil, Roy M. Haynes, national director of prohibition enforcement, told 500 New York pastors that he was not surprised at the number of postholidic alcoholic patients under treatment in New York hospitals.

Mr. Haynes said prohibition is being more rigidly enforced, "despite insidious, unpatriotic, false wet propaganda," particularly in the large metropolitan centers, that has as its object the delusion of the American people into the belief that the prohibition law is a failure, that it is unpopular, that it was slipped over on them, that it is not being enforced and cannot be enforced.

He described the progress of enforcement as "insistent, definite and sure," asserting it decrees the final doom of the illegal liquor business.

Mrs. Long, sister of Mrs. Dave Blakeslee, had her arm broken Tuesday by falling on the ice. Dr. A. Jones set the bone.
